Patricia Martínez Canelo

Madrid

PROFILE

I'm currently finishing my studies in industrial design engineering and looking for companies who offer internship for bachelor students. I would be available to start as an intern in June 2021.

The fields I'm specially keen on are sustainable development and mobility, product designing and process management.

EDUCATION

Currently • Industrial design engineering and product development student in UPM

2009 - 2015 • Bilingual high school education
