Henri Evenepoel, 73, 1030, Brussels, Belgium

About me:

In my free time, I enjoy watching the news and documentaries in order to keep myself informed about current affairs and EU policies.

I have oratory skills and I am enthusiastic about International Relations and diplomacy. Within my master's degree, I enjoyed particularly International Relation's course and Elections and political participation.

I love to follow politic debates about the current politic affairs in Spain.

Likewise, I am very curious about Eastern countries political history as I focused my studies in Russian Politics and Eastern Europe History.
