Profile

Hard-working student looking for a job. I study the degree of physics in the last year of my degree. Eager to contribute and gain experience. High capacity for cooperation and group work.

Formation

2016-2018
Puente Genil, Córdoba

Baccalaureate in IES. Andrés Bójollo

2018-Present
Córdoba

Physics degree

Objectives and interest

I am looking for a job for immediate incorporation, I think I can bring ambition and desire to work, I have experience in customer service since I have worked in fast food service. Thus, as a student I have been acquiring different skills throughout my training that I can put into practice such as group work, ability to solve adverse situations, innovation and creation... On the other hand, it is my last year so I have great flexibility to adapt to work hours.
